**Re: 2019 Policyholder Surcharges – “Workers Compensation”,
“Automobile/Homeowners” and “All Other” Categories**

Dear Member Insurer:

Please keep in mind that CIGA previously made the 2017 workers compensation initial premium charge to its member companies. This is a reminder that your company should surcharge workers compensation policies generating direct written premium reportable to the California Department of Insurance from January 1, 2018 through December 31, 2018 at the rate of 2.0%. The approved premium surcharge consists of a premium charge of 2.0% levied pursuant to California Insurance Code Section 1063.5 for the Workers’ Compensation account.

Therefore, member insurers **should not surcharge** policies generating direct written premium in the workers compensation category beginning January 1, 2019.

If you have any questions, you may contact either me or Tony Kennedy.

Sincerely,
